Art Unit: 2825

## **DETAILED ACTION**

## Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

- 1. Claims 1-22 are allowed because the prior art does not teach or suggest a method for identifying tri-state logic connected to a selected node of an integrated circuit by evaluating a netlist at the node comprising the steps of: selecting a circuit configuration to be identified, wherein the circuit configuration defines a tri-state logic configuration; identifying known circuit configurations at the node; identifying probable circuit configurations at the node; and determining whether the selected circuit configuration is an identified known or identified probably circuit configuration.
- 2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
